

Dear

I am writing to you as a proud resident of _____ to ask for your support for the Belize, Wi Redi! Campaign, which was launched in June 2024 in Belize City. The campaign focuses on introducing and passing the Equal Opportunities Bill (EOB) that will benefit all Belizeans, no matter their background, race, religious belief, gender and age. It's a law for everybody that will benefit everyone.

A 2022 poll revealed that 90% of Belizeans believe it's time for a law that protects us all and reflects a Belize at its best.

The Belize, Wi Redi! Campaign is supported by the Belize Network of NGOs (BNN), which seeks to achieve sustainable human development through advocacy, open and effective communication. The EOB is a broad piece of legislation that when passed will ensure that many different personal characteristics are protected and enable citizens to live with freedom from discrimination. As a person with the power to influence decision-making in Belize and with the responsibility of upholding dignity and equality, this is surely a cause you can get behind.

Please lend your voice and influence to support this important cause, engage your fellow decision-makers and urge them to support the EOB to help secure a stronger, fairer, and more resilient Belize where no one is left behind. Imagine the potential this country could reach if all Belizeans are living freely, with the opportunity to innovate and prosper, unencumbered by lack of access, judgment and systemic inequality.

For more details about the campaign, EOB and the national survey, please visit: <http://wi-redi.bz/>.

Thank you for your time and commitment to representing our community and building a brighter Belize. I look forward to your support.

With best wishes,
